# **SANTA BARBARA CITY COLLEGE**

## **College Planning Council**

July 22, 2014

2:30-3:30 p.m.

Room A218C

### **Agenda**

#### **1.0 CALL TO ORDER**

1.1 Approval of 5/20/14 minutes.

#### **2.0 ANNOUNCEMENTS**

#### **3.0 INFORMATION ITEMS**

#### **4.0 DISCUSSION ITEMS**

4.1 Support for PLLUMP Process – L. Gaskin and J. Hendricks (Att. 4.1)

Over the course of the past two years, the college has completed an assessment of our current facility needs across our three campuses. This assessment was necessary to inform our bond project work and to form the framework for a facilities master plan (which the college currently does not have). A facilities master plan provides a roadmap for the future for our three campuses in terms of the physical plant itself and its utilization.

To further advance our efforts in developing a facilities master plan, the college has embarked upon the Program Location and Land Use Master Plan (PLLUMP) process with Anderson Brule Architects (ABA). The purpose of the PLLUMP process is to yield a Program Location and Land Use Master Plan that will establish long-term goals and guiding principles associated with land planning, facility program locations, internal/external connections, circulation, parking within the parameters of the technical requirements of the site, the regulatory environment, the College sustainability guidelines and budget considerations

Early in the spring 2014 semester, a PLLUMP Core Team was selected by CPC to serve as a steering committee for this initiative. PLLUMP was conceived and implemented in two phases:

Phase 1 - Core Team engages with ABA in the pre-planning study to establish an appropriate participatory process for the

PLLUMP study.

Phase 2 - Implementation of the PLLUMP study.

Phase 1 has been completed and the outcome, a process map for the PLLUMP study (i.e., Phase 2), will be reviewed with CPC, including resources required to complete Phase 2.

## **5.0 ACTION ITEMS**

## **6.0 ADJOURNMENT**

6.1 The next regularly scheduled CPC meeting will be held on Tuesday, September 2, 2014 in Room 218C, 3:00-4:30 p.m.
